**COMPETITION YES or NO ? PLEASE DELETE AS APPROPRIATE
FOR EACH EXHIBIT YOU ENTER**

FURTHER INFORMATION WILL THEN BE SENT TO THOSE ENTERING IN THE COMPETITION

EXHIBITS INFORMATION.

- * A short description of your exhibit, this is what shows in the Official Programme.
- ** The DISPLAY WIDTH is the size of the exhibit when displayed to its' best. Ie a Loco would be best viewed at the side so a 90cm long 5" gauge locomotive would have the dimensions of: 90 (DISPLAY WIDTH) x 30 (DEPTH) x 25 (HEIGHT)
- # Other information that helps us plan the exhibit location or handle and place it on the day. Fragile is common but it is useful to know how it can be picked up ie. LIFT on BUFFERS ONLY.

EXHIBITS OTHER INFORMATION REQUIRED.

- 1) We try and supply a BMES card for each exhibit so would like a brief description of the exhibit ideally around 300 characters. It can include things like the construction method, or original prototype etc.

PLEASE RETURN THE COMPLETED FORM TO ME DIRECTLY BY THE DUE DATE.
